WORKSHOP ON SCHEDULING FOR PARALLEL COMPUTING
Poznań, Poland, September 11-14, 2005

Scheduling for Parallel Computing (SPC) Workshop shall be held in conjunction with the Sixth International Conference on Parallel Processing and Applied Mathematics PPAM 2005, Poznań, Poland, September 11-14, 2005.

The SPC workshop is intended to be a forum for exchanging ideas in the field of scheduling parallel and distributed applications. Suggested topics for papers and posters include (but are not limited to):

- deterministic scheduling
- divisible load theory
- grid, cluster, heterogeneous platforms scheduling
- communication scheduling
- load balancing
- new scheduling models
- scheduling workload measuring, and modeling
- scheduling for large scale distributed data processing

PAPER SUBMISSION AND PUBLICATION

The rules of PPAM conference apply (http://ppam.pcz.pl/call.htm). In particular:
- Papers will be refereed and accepted on the basis of their scientific merit and relevance to the Workshop topics.
- Papers presented at the Workshop will be included into the proceedings and published after the conference by Springer-Verlag in the LNCS series.
- Authors should submit papers (draft version, Postscript or PDF file) to Maciej Drozdowski, (email: Maciej.Drozdowski@cs.put.poznan.pl) before April 30, 2005. Regular papers are not to exceed 8 pages (LNCS style).
- Final camera-ready versions of accepted papers will be required by October 31, 2005.

DATES

Submission of Papers:	May 15, 2005
Notification of Acceptance:	June 15, 2005
Conference:	September 11-14, 2005
Camera-Ready Papers:	October 31, 2005

WORKSHOP ORGANIZERS

- Massimiliano Caramia, Istituto per le Applicazioni del Calcolo, Rome, Italy
- Maciej Drozdowski, Poznań University of Technology, Poland
- Thomas G. Robertazzi, SUNY, Stony Brook, New York, U.S.A.
- Andrei N. Tchernykh, CICESE, Ensenada, Mexico
- Bharadwaj Veeravalli, The National University of Singapore, Singapore
- Frédéric Vivien, INRIA, Lyon, France
