

WORKSHOP ON SCHEDULING FOR PARALLEL COMPUTING

Wrocław, Poland, September 13-16, 2009

Call for Papers

A Workshop on Scheduling for Parallel Computing (SPC) shall be held in conjunction with the Eighth International Conference on Parallel Processing and Applied Mathematics PPAM 2009 in Wrocław, Poland, on September 13-16, 2009.

The SPC workshop is intended to be a forum for exchanging ideas in the field of scheduling *parallel and distributed* applications. Suggested topics for papers and posters include (but are not limited to):

- * deterministic scheduling theory
- * divisible load theory
- * cluster, grid, heterogeneous platforms scheduling
- * communication scheduling
- * load balancing
- * new scheduling models
- * scheduling workload measuring, and modeling
- * scheduling for large scale distributed data processing

PAPER SUBMISSION AND PUBLICATION

The rules of PPAM conference apply. In particular:

- Papers will be refereed and accepted on the basis of their scientific merit, relevance to the workshop topics, originality, correctness and quality of presentation.
- Papers presented at the workshop will be included into the proceedings and published after the conference by Springer-Verlag in the LNCS series. Abstracts of accepted papers will be available during the conference as a brochure.
- Authors should submit papers (PDF file) to Maciej Drozdowski before April 10, 2009. Regular papers are not to exceed 10 pages (LNCS style).
- Final camera-ready versions of accepted papers will be required by October 31, 2009.

DATES

Submission of Papers:	April 10, 2009
Notification of Acceptance:	May 31, 2009
Conference:	September 13-16, 2009
Camera-Ready Papers:	October 31, 2009

WORKSHOP ORGANIZERS

- * Evripidis Bampis, Université d'Evry Val d'Essonne, France
- * Massimiliano Caramia, University of Rome "Tor Vergata", Italy
- * Henri Casanova, University of Hawai'i at Manoa, USA
- * Maciej Drozdowski, Poznań University of Technology, Poland
- * Alfredo Goldman, University of São Paulo, Brazil
- * Frédéric Guinand, Université du Havre, France
- * Klaus Jansen, Universität Kiel, Germany
- * Raj Kettimuthu, Argonne National Laboratory, USA
- * Arnaud Legrand, CNRS, Laboratoire Informatique et Distribution, Grenoble, France
- * Jarosław Nabrzyski, Louisiana State University, Baton Rouge, USA
- * Thomas G. Robertazzi, State University of New York at Stony Brook, USA
- * Jiří Sgall, Mathematical Institute of the Academy of Sciences, Czech Republic
- * Roberto Solis-Oba, University of Western Ontario, Canada
- * Maxim Sviridenko, IBM T.J. Watson Research Center, Yorktown Heights, USA
- * Andrei Tchernykh, CICESE, Ensenada, Mexico
- * Frédéric Vivien, INRIA, Lyon, France
